From the Admin Team

The Class of 2022 has graduated, and how quickly this year flew!

Graduating is much more than walking across a stage and receiving your diploma. It is a symbol of accomplishment and also signals the beginning of a new era, which could be literally anything!

Graduates, as you head out into the world, it is an exciting and (sometimes scary) time of transition, but remember to carry with you all that you have learned along the way here at OCA- and always hold onto that which God has uniquely gifted each of you. You were created with a purpose, and He has great things in store for each and every one of you.

"What lies behind us and what lies before us are small matters compared to what lies within us." - Ralph Waldo Emerson

Class of 2022- Congratulations, and now go out and impact the world for Christ!!

In Christ,
The OCA Admin Team
